Resurfacing Project along Madison Street from Thatcher Avenue to Van Buren Street

CHICAGO – The Illinois Department of Transportation (IDOT) announced that temporary lane closures will take place on Madison Street from Thatcher Avenue to Van Buren Street, in River Forest, beginning, weather permitting, Monday, May 8. The closures are necessary for a resurfacing project.

In order to complete the work, periodic lane closures with flaggers will take place along Madison Street between Thatcher Avenue and Van Buren Street. At least one lane of traffic will be maintained at all times.

The scope of the project consists of resurfacing, pavement patching and improvements to pedestrian ramps on Madison Street. The project is expected to be completed in Summer 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
